1. Multipoint inspection that includes: brake system, charging system, including charge port, suspension components and drive unit.
2. Check and maintain the proper level of brake fluid
3. Check and maintain the proper level of coolant (if applicable).

### MAINTENANCE NOTIFICATION

Routine maintenance is critical to ensure optimum performance of your unit. You have the option of servicing your unit at the repair facility of your choice. Remember, you must notify the administrator in advance of any maintenance performed outside the selling dealer's facilities so they can keep records of all work you have performed. Failure to notify the administrator will result in a denial of coverage.

### THE CHOICE IS YOURS

All service records must be filed with the Warranty Forever® administrator to maintain coverage. When service is performed at your selling dealer's facilities, your dealer will notify the administrator. You may also have maintenance and repairs performed at any other licensed facility, but you must notify the administrator first. Failure to do so will result in a denial of coverage.

### HOW TO CONTACT THE ADMINISTRATOR FOR MAINTENANCE NOTIFICATION

1. Choose a licensed repair facility to perform your maintenance. We do not provide a list of authorized dealers, so the choice is yours.
2. Call the administrator at (800) 810-8458 to notify them of the maintenance you are having performed.

### YOU WILL NEED THE FOLLOWING INFORMATION DURING THE CALL:

- ✓ Warranty Forever agreement number or last 8 digits of VIN
  - ✓ Date of scheduled maintenance appointment
  - ✓ Name of the licensed repair facility where you are having maintenance performed
  - ✓ Maintenance you are going to have performed
  - ✓ Current mileage on odometer
  - ✓ Any additional questions you may have
3. Follow all customary maintenance instructions outlined in your Warranty Forever® agreement. You can call our service facility or the Warranty Forever® toll free number with questions or for additional guidance at any time.
