Vehicle service contract

Repaired Component

Estimated Repair Cost

Engine overhaul	\$6,700
Transmission overhaul	\$5,500
Air conditioning	\$2,719
Rack and pinion	\$1,933
Drive axle overhaul	\$1,675
Navigation system	\$1,667
Power steering	\$1,275
Computer modules	\$1,103
Fuel pump	\$975
Water pump	\$950
Brake calipers	\$880

The information contained within this brochure is intended to provide a general outline of the benefits of the program described, is not a contract, is not binding and is presented for marketing purposes only.

The replaced parts or components will, at our option, be new, used or remanufactured parts or components of like kind and quality compatible with the original design specifications and wear tolerances of the vehicle and will comply with applicable state and federal laws.

Purchase of the program is optional and is not required to obtain financing. Please request a sample contract from your sales representative prior to sale for details of coverage, terms, conditions, obligations state provisions, eligibility and exclusions.

The provider of this service agreement is
Portfolio Services Limited, Inc.
14651 Dallas Parkway, Suite 502, Dallas, TX 75254

**In Florida, the provider is Portfolio SE, Inc.
14651 Dallas Parkway, Suite 502, Dallas, TX 75254**

Florida License No. 31865
800.705.4001
portfolioco.com

Actual repair costs may vary. The above examples are averages of repair costs collected nationwide by Portfolio. Examples of repairs are based on exclusionary and exclusionary wrap coverage and may not represent all options. This brochure is for illustrative purposes only. Consult your Portfolio One vehicle service contract for specifics of coverage options, terms and exclusions.

Exclusionary

Comprehensive vehicle protection

Exclusionary coverage is the highest level of protection available for your vehicle — and the best value for your budget. Exclusionary includes everything listed under both Powertrain and Stated coverage plans, and all other components except for “excluded” items listed as not covered on your service agreement.

Exclusionary wrap

Go beyond the basic coverage of your warranty

Most factory warranties only cover the essential components of your vehicle, such as the engine and transmission. Today’s vehicles are more complex, and repairs can be costly. Get more for your vehicle by “wrapping” exclusionary coverage around the basic coverage offered by your warranty.

Simply put, exclusionary coverage provides protection for your vehicle to give you a greater sense of security.

This brochure is not a contract and is used for illustrative purposes only. See your purchased Portfolio One vehicle service contract for specific details of the coverage options, terms and exclusions.

Stated

Better than the basics

Stated coverage includes components listed under the Powertrain protection plan as well as the following:

Engine cooling system: Fan, fan clutch, fan motor.

Air conditioning: Condenser, compressor, clutch and pulley, evaporator, receiver dryer, accumulator, HVAC controller and module, seals and gaskets.

Front suspension: Struts; upper and lower control arms and shafts and bushings; ball joints; stabilizer shaft; linkage and bushings; spindles and supports; wheel bearings.

Steering: Lubricated parts; steering gear box, rack and pinion and internal parts; power cylinder assembly, power steering pump, steering shafts and couplings; tie rods; linkage; idler arm; pitman arm. Steering motor, electric cylinder assembly, rack and pinion with electric power assist.

Fuel system: Fuel pump, fuel injection pump, fuel injectors, fuel rail, metal fuel delivery lines, nozzles and vacuum pump and vacuum assist booster.

Brakes: Master cylinder; vacuum and hydraulic power brake booster, wheel cylinders; hydraulic lines and fittings; disc calipers.

Electrical: Alternator, voltage regulator and sensor, distributor, starter motor, starter drive and solenoid; electronic ignition module, wiring harnesses, manual switches, wiper motor, power window and sunroof motor.

Electronic high-tech components: Level control compressor, sensors and limiter valve; pneumatic suspension pump, sensors and valves; fuel injection sensors and control module; ignition module; crank sensors; digital instrument cluster; moisture control unit and sensors; anti-detonation sensors; manufacturer installed entry system and/or anti-theft device; anti-locking brakes, brake control module.

Electrical plus: All power motors and solenoids related to the electrical operations of antennas, door locks, power headlight motors, seat motors, mirrors, convertible tops, power trunk releases.

Factory-installed navigational system: Display, controls and all electrical components.

Powertrain

Basic vehicle protection plan

Powertrain coverage provides protection for the essential vehicle components to keep your car on the road such as:

Engine: All internal lubricated parts: bearings, pistons, piston pins and rings, valves, valve springs, valve spring retainers and rocker arms; timing chain or timing belt and tensioners, and rocker arms. Timing gear, oil pump, valve guides, followers, valve seats, rocker shafts, push rods, valve lifters, connecting rods, crankshaft and main bearings, camshaft, cam bearings and rocker bushings. Water pump, engine mounts, engine cushions, exhaust manifold, intake manifold, front cover, harmonic balancers, flywheel (flexplate), flywheel ring gear, pulleys and eccentric shaft; and seals and gaskets.

Transmission: All internal lubricated parts; torque converter, pump, drums, reaction carrier, shafts, hubs, gears, shift rails and forks, internal linkage, and bearings. Transmission mounts, vacuum modulator; seals and gaskets. Coverage extends to the transmission case, housing and oil pan only if the damage results from the failure of an internal lubricated part.

Transfer case: All internal lubricated parts, plus the transfer case housing only if the damage results from the failure of an internal lubricated part.

Drive axle assembly: All internal lubricated parts contained within the drive axle housing; hub, axle and non-serviceable bearings, drive gears and clutches. Constant velocity joints, universal joints, axle shafts, drive shafts and seals and gaskets. The axle or transaxle housing, only if the damage results from the failure of an internal lubricated parts.

Supplemental Coverage

Get coverage fit for your needs

Your vehicle is more than a means of transportation – it’s your livelihood. Don’t take chances on breaking your budget.

Commercial Use: Add Portfolio One commercial use coverage for breakdowns to your vehicle when it is used for commercial purposes.

Rideshare: With rideshare coverage, Portfolio One will pay for covered breakdowns to your vehicle when it is used for rideshare purposes such as Uber or Lyft.

Lift Kit: Extend coverage when a lift kit up to 6 inches has been installed on your vehicle.

Mobility Equipment: Add this option to your Portfolio One protection plan and extend coverage to your vehicle’s mobility equipment such as chair lift motors, hydraulic ramp controls, adjustable seating, pedal steering, hoists and swing-arm mechanisms.

Snow Plow: Extend coverage to include your vehicle’s equipped snow plow and snow plow prep package.

Additional benefits

Included with all coverage levels

- Roadside assistance
- Substitute transportation
- Trip interruption
- Transferability
- Towing
